Spreading Italian language and culture worldwide is the role we have chosen to play every day with consistency and coherence, and we consider ourselves forerunners in forming the language and outlook of new generations. Our commitment, our task, is based on the verb "to do."

We do our best to "offer" the most, with an eye on the horizon. We want to be "useful" to those young adults who will responsibly and tenaciously bear forth knowledge and set the rhythm of future society. Every day, for many years, we who are involved in school and education, have been walking alongside students, aware of how fortunate we are to be protagonists in this great process, watching lives change and evolve.

Russi dott. Michele
Director

The ISTITUTO ITALIANO®, founded in 1959, is located in the heart of Florence's historical centre, between the Duomo and the Ponte Vecchio, in a Renaissance palace overlooking the Loggia del Porcellino. Over the years its prestige, competence, and professionalism have made the ISTITUTO ITALIANO®, a reference for foreigners who wish to learn Italian and study the culture, art, cooking, music and crafts of Italy.

The ISTITUTO ITALIANO®, working together with the Tuscan Region, public authorities and foreign companies has fine-tuned its educational capabilities taking students of Italian to higher levels of learning. Guided tours, students' interaction with Italian life, and thoughtful, enthusiastic dedication to teaching make our school a leader in the field of language and education.

ITALIAN GROUP COURSES

The ISTITUTO ITALIANO®, puts its teaching experience at his students' disposal, creating a uniquely Italian environment in each class. With the help of its teachers and study materials, each individual student rapidly acquires knowledge of Italian; from grammatical structures to vocabulary, syntax, and conversation. Particular attention is paid to pronunciation, expression, and to sentence structure and usage. Courses take place from Monday to Friday; they start at 09.10 in the morning and a 20' break is scheduled for mid-morning. The lessons last 45 '. Our school is unique in Florence in that, in collaboration with other Italian educational institutions, we prepare Italian students for the Diploma di Stato Italiano. Consequently, the language learning experience of our foreign students greatly benefits by direct interaction with Italian students.

Education: techniques and methods. “Excellence in Teaching”

Striving to find **techniques** in **education** to teach students a good study **method** is possibly a teacher's definition of a good **teaching** method. This timeless philosophy of the art of teaching and way of life has always been embraced by our experienced, qualified teachers. All the teachers at the ISTITUTO ITALIANO® have a university degree and are highly experienced. Many also collaborate with the Italian State schools, ensuring extremely high standards of professional experience. Their role is to help students by stimulating interest and creating good group dynamics so that, with peace and tranquillity, each individual can achieve his/her objectives. The ultimate goal of our mission: **excellence in teaching**.

Upon arrival, students take a placement test to guarantee they enter a class of the correct level and section, following the standards of the CEFR (QCER in Italian). From that moment on, students begin the educational path that will lead them, with the help of valid methods, through the following stages of learning the grammar and syntax of the Italian Language. Even more horizons open up for students that **combine** their Italian language course with Additional or In-depth courses: a real full immersion in Italian life and culture.
